**Date: 2 June 2021**

**TO ALL STAFF AND STUDENTS**

**A CONFIRMED COVID-19 CASE- ENGINEERING & SKILLS TRAINING CENTRE**

A COVID-19 case has been confirmed at the Engineering and Skills Training Centre on **02 June 2021**.

The screeners managed to detect the COVID-19 Symptoms on one of the employees during screening assessment on the **24 May 2021**, and the staff member was subsequently rejected entry but advised to test, isolate and inform close contacts at home. The test results came positive.

Currently, the colleague is in isolation and recuperating well. In line with the protocols on Institutional response to a confirmed COVID-19 case, it is not necessary to disinfect the facility, as it has been more than 10 days since the suspected case visited the site. The campus does not need to temporarily deep clean or close since the incubation period took place during the **22-23/May** while the staff member in question was at home.

The College management would like to remind and encourage staff and students to follow all COVID-19 protocols and not present themselves to the College if they have flue like symptoms but rather go for testing, quarantine and inform the College while awaiting results. Failure to adhere to the above health protocols, might put other people's lives at risk.

***"Remember together we can, and this too shall pass"***

Kind Regards

02/06/2021

Ms Dipela KR  
Acting Principal
