

Women artisans changing the world!

MEET MAMAILA TEBOGO

Primary Agriculture student (Waterberg TVET College)

A budding Agriculture entrepreneur, Mamalia who studied at Waterberg TVET College in Limpopo has blossomed in this male-dominated industry. She is passionate about working in this green industry amongst its numerous opportunities and challenges.

“The valuable skills I have acquired in the Agriculture programme at Waterberg TVET College, has assisted me to secure a piece of land in my village. I produce crops like tomatoes, cabbage, spinach and others. During the Covid-19 pandemic it has been a good source of income. I encourage more woman to pursue in this exciting field because women are of vital importance to rural economies.”
